---

We anticipate the school expenses for the coming year may be a little larger than the past year. There are more scholars at the North end of the town and, if we are obliged to open the North school, there will be an additional expense. We are teaching the sixth, seventh and eighth grades at Brown Academy, and that necessitated conveying the larger scholars from the North, South and Falls road schools. As there were only about twenty-five scholars to attend these three schools, we have conveyed all of them to the center of the town, sending the sixth, seventh and eighth grades to Brown Academy and the lower grades to Pound school. About fifty scholars attend these two schools. We are con-

fidest the scholars do better work and under more favorable conditions attending these two schools than if we opened small schools for six or eight scholars. The cost of transportation as compared to cost of a school is about 70% at North and South road schools, and 20% at Falls. We expected the High school tuition would be less, as five scholars graduate in June, but understand the same number wish to enter. We intended to make small repairs and paint school houses the past year, but did not. We shall do this work soon as weather permits, as we shall carry over the money for that purpose.

JOSEPH F. CURRIER, *Member of School Board.*

# School Treasurer's Report

---

EAST KINGSTON, N. H., February 15, 1913.

GEORGE W. SANBORN, Treasurer of School Board, charges himself with the following accounts, viz.:
